WHAT IS TRIO?

Our nation has made a commitment to provide educational opportunity for all Americans regardless of race, ethnic background or economic circumstance.

In support of this commitment, Congress established a series of programs to help low-income Americans enter college, graduate and participate more fully in America's economic and social life. These programs are funded under Title IV of the Higher Education Act of 1965 and are referred to as the TRIO Programs (initially just three programs). While financial aid programs help students overcome financial barriers to higher education, TRIO programs help students overcome class, social and cultural barriers to higher education.

TRIO programs are very effective and many students from first generation and low-income families depend on them to succeed in high school and college. In fact, since 1965 an estimated 2 million students have graduated from college with the special assistance and support of our nation's TRIO Programs.

TEXAS ASSOCIATION OF TRIO PROGRAMS

Vision Statement

The Texas Association of TRIO Programs (TX-TRIO) seeks to support, create, develop, improve and extend educational, financial and cultural opportunities for every TRIO participant to develop to his/her full potential.

Mission Statement

The Texas Association of TRIO Programs (TX-TRIO) is the representative body for TRIO professionals from colleges, universities and agencies that host federally-funded TRIO educational opportunity programs in the state of Texas. TX-TRIO is dedicated to advocating for the TRIO movement by creating opportunities for TRIO professionals and participants with professional development and support.

The mission is accomplished through the following: implementing educational training and outreach initiatives, developing state resources, empowering state leadership and involvement in political issues that impact TRIO programs, providing scholarship opportunities, optimizing opportunities to reinforce and increase proficiency in technology, and increasing effective communication and brand recognition that furthers public awareness of the needs of disadvantaged students enrolled in or aspiring to post-secondary education.

FROM THE PAST PRESIDENT OF TEXAS TRIO

On behalf of the Texas TRIO Association Executive Board and membership, it is my distinction and honor to invite you to explore and review the facts, figures, and testimonials of the TRIO Programs in the great state of Texas.

Our programs in Texas have a lot to be proud of and serve our students, families, and their communities with the spirit and honor of our history. On November 8, 1965, President Lyndon Baines Johnson signed the Higher Education Act of 1965 into law at Southwest Texas State College (now Texas State University) in San Marcos, Texas. Our association has continued the dedication and hard work that the legacy of President Johnson's Great Society domestic agenda requires through ensuring that low income and first-generation students have an equal opportunity to a higher education.

The growth of our programs and the association is not possible without the determination and untiring commitment of our members, the tutors, support specialists, administrative assistants, advisors, coordinators and directors. These TRIO professionals have helped build this association to where it is today and where it hopes to go in the future.

As we continue "*Marching Towards One Million*," we know that there is a lot of work still left to do and we hope that this factbook will give voice to those we serve and show that with your support, we can continue to do more and serve the underrepresented, wherever they may be.

Sincerely,

A handwritten signature in black ink that reads "Fidel Zapata". The signature is written in a cursive, flowing style.

Fidel Zapata
Past President, Texas TRIO Association

FROM THE PRESIDENT OF TEXAS TRIO

On behalf of the Texas TRIO Association Executive Board and membership, I am honored to invite you to explore and review the facts, figures, and testimonials of the TRIO Programs in the great state of Texas.

We will continue to grow as an association through our perseverance and unwavering devotion. Throughout history, Texas TRIO professionals have contributed to this association's growth, similar to the 299 TRIO programs in Texas; we set out to blaze the trail and honor the spirit of President Lyndon B. Johnson who signed the Higher Education Act of 1965 into law at Southwest Texas State College (now Texas State University) in San Marcos, Texas.

As we continue to leave our mark and go forward with "*Marching Towards One Million*," we understand that much more work is needed. We hope this factbook will give our great state a voice to those we serve, advocate for our underserved, and shine a light on them wherever they need a voice to represent them.

Sincerely,

A handwritten signature in black ink, appearing to read "Valton Stinson II". The signature is fluid and cursive, with a large initial "V" and "S".

Valton Stinson II
President, Texas TRIO Association

FROM THE PRESIDENT-ELECT OF TEXAS TRIO

My name is Petra Lopez-Vaquera, and I am the President-Elect of the Texas TRIO Association. I am a proud TRIO Alumni of the Student Support Services Program, and I would not be where I am today without TRIO's assistance. This is the reason I am a firm believer in these programs. I am pleased to invite you to explore and review the facts and testimonials of the TRIO Programs in Texas.

The Texas TRIO Association's mission is to guide and support high school and college students to reach their full potential; we strive to get low-income students, first-generation college students, and disabled students, among others, enrolled in post-secondary education programs that they finish successfully. Our programs in Texas have several success stories we encourage you to review.

As a TRIO Alumni, Professional, and Advocate, I want to ensure we can help thousands more and reach one million. Together TRIO can help one student at a time, change one family, and make a difference in the communities we serve for a better tomorrow. First hand, I know TRIO Works; with your support, we can continue to help more disadvantaged students and see them benefit from these life-changing services.

Sincerely,

A handwritten signature in black ink that reads "Petra Lopez Vaquera". The signature is written in a cursive style with a large, looped initial "P".

**Petra Lopez-Vaquera
President-Elect, Texas TRIO Association**

UPWARD BOUND

Upward Bound is an intensive intervention program that prepares students for higher education through various enrichment courses. These campus-based programs provide students with instruction in literature, composition, mathematics, science, and foreign language during the school year and during the summer. Upward Bound also provides intensive mentoring and support for students as they prepare for college entrance exams and tackle admission applications, financial aid, and scholarship forms.

FUNDING

UPWARD BOUND MATH & SCIENCE

Using a model similar to the classic Upward Bound program, Upward Bound Math/Science aims to strengthen academic preparedness in math, science, and technology. The program assists students in a rigorous math and science curriculum in high school to encourage and enable them to major in science, technology, engineering, and math (STEM) disciplines in college.

27
PROJECTS IN
TEXAS

1,661
STUDENTS
SERVED

\$8,082,880
IN FEDERAL
FUNDING

VETERANS UPWARD BOUND

Veterans Upward Bound provides a unique service to veterans returning to college, aiding them in the transition process through intensive basic skills development and short-term remedial courses. Additionally, participants receive assistance in navigating the services offered by Department of Veterans Affairs, veterans associations, and other organizations that aid veterans.

4

VETERANS
SERVED

\$1,170,238
IN FEDERAL
FUNDING

EDUCATIONAL OPPORTUNITY CENTERS

Educational Opportunity Centers target displaced or underemployed workers from low-income families. These centers help students achieve their high school equivalency and/or pursue postsecondary education options, guiding them through the often confusing admissions and financial aid processes.

19
PROJECTS IN
TEXAS

19,545
STUDENTS
SERVED

\$5,592,242
IN FEDERAL
FUNDING

McNAIR POST-BACCALAUREATE ACHIEVEMENT

The Ronald E. McNair Post-Baccalaureate Achievement program encourages and prepares low-income and minority students for doctoral study and to pursue careers in college teaching. The McNair program provides research opportunities and faculty mentoring.

23
PROJECTS IN
TEXAS

622
STUDENTS
SERVED

\$6,164,517
IN FEDERAL
FUNDING

STUDENT SUPPORT SERVICES

Student Support Services programs help low-income and first-generation students, as well as students with disabilities, to successfully begin and stay in college. Participants receive tutoring, counseling, and remedial instruction in order to achieve their goals of college completion.

60
PROJECTS IN
TEXAS

11,370

IN FEDERAL
FUNDING

STUDENT SUPPORT SERVICES - STEM

Student Support Services-Science, Engineering, Technology, Mathematics (SSS-STEM) is a federally funded TRIO program that serves to increase the retention and graduation rates of its participants. Services include academic guidance, tutoring, mentoring, and cultural/educational events. The mission of SSS-STEM is to facilitate a climate supportive of academic success and personal enrichment through proactive and individualized services available to the student from their first semester through graduation.
